

## **Digital Fundamentals (BE03000071)**

Department of Computer Engineering

Semester – III (Div. E, F)

Problem Based Learning Activities

---

The following activities should be done for the Problem Based Learning (PBL) component.

- 1) **Power Point presentation on a technical topic:** The students have to select a topic related to the syllabus of the subject Digital Fundamentals. The students have to prepare Power Point presentations of the selected topics and submit the hard copy of the same. The presentation must also be uploaded to the PBL-Task Submission System.

**Seminar/Presentation:** A seminar/presentation related to the PPTs should also be given.

*Last date of submission: 11.09.2026*

- 2) **Technical Video based learning related to the subject:** The students should also prepare a report for the learning outcomes from the videos related to the selected topics. The topic of the report should be same as that of the presentation. The technical videos related to the selected topics can be found on the NPTEL website, YouTube channel etc. The students have to submit the hard copy of the reports. The reports should also be uploaded to the PBL-Task Submission System.

*Last date of submission: 11.10.2026*

- 3) **Submission of PBL Assignments/Self Learning Assignments:** The PBL Assignments/Self Learning Assignments have to be submitted periodically. The students have to submit the hard copy of the same. The assignments should also be uploaded to the PBL-Task Submission System.

*Last date of submission: 09.12.2026*
