

GOVERNMENT ENGINEERING COLLEGE, RAJKOT

STRATEGY PLANNING FOR THE SUBJECT

PROBABILITY AND STATISTICS

(Sub-code: BE03000251)

Offered in AI & DS, C.E., Civil and E.C. Semester III. Academic Year Odd 2026–27

Term duration: 30-07-26 to 15-12-26.

1. Overall Assessment Planning

Assessment Component	Marks	Remarks
ESE / End-Semester Examination	70	Covers the entire syllabus
Mid-Semester Examination	30	Units I, II and V
Practical / PA (I)	20	Practical work as per practical manual
PBL (I)	30	Problem-Based Learning activities
ESE (V) / Internal Assessment	50	Class work, participation and viva

2. ESE (70) / End-Semester Examination

- The ESE will be conducted for the full syllabus.

3. Mid-Semester Examination (30 Marks)

- The Mid-Semester Examination will be of 30 marks.
- Mid-Semester syllabus: Unit I, Unit II and Unit V.
- The 30 marks will be converted to 18 marks for the final internal assessment.
- The remaining 12 marks will be distributed among Units III and IV through assignments/assessment based on real-world problems, with equal weightage.
- Example: If a student obtains 30/30 in the Mid-Semester Examination, the converted score will be 18/18 and securing 10/12 from assignment will make a final total as $18+10 = 28$.

4. PA (I) (20 Marks)

- Any 10 practicals out of 14 are to be performed as per the prescribed Practical Manual.

5. PBL (I) (30 Marks)

- Month-wise activities will be planned and uploaded on the portal.

Month	Activity / H&S / PBL Work	Marks
1st Month (August)	Take the data of any two real-world problems, fit a linear and a second degree parabola for any one of the selected two problems and fit all three types of exponential curves for the remaining problem in MS Excel. Put this problems in a single file. Upload it before the deadline. Total 10 PBL hrs can be claimed.	10
2nd Month (September)	Online video based learning for the topics Exponential distribution and gamma distribution and prepare a relevant single report and put it in a folder. Upload it before the deadline. Total 15 hrs (10 for videos and 5 for report preparation) can be claimed.	10
3rd Month (October)	Prepare 10 assignments based on all the topics involved in the syllabus of PAS. Write your enrollment number on each	10

	page of your book in which you've calculated assignment, scan it and put in a folder. Upload it before deadline. TotalTotal 20 hrs can be claimed. (2 hrs for each assignment).	
--	--	--

- Total: 45 hours of H&S/PBL work as planned above, with 30 marks in total (10 marks each).

6. ESE (V) (50 Marks)

Component	Marks
Class Work Copy	10
Class Attendance & Participation	10
Viva-Voce	30

Subject coordinator: Dr S G Sonchhatra
